§12-401.

(a) The Secretary shall classify all waterworks, wastewater works, and industrial wastewater works in this State.

(b) In determining the classification of a waterworks, wastewater works, or industrial wastewater works, the Secretary shall consider:

- (1) The size or capacity of the facility;
- (2) The type of treatment used;
- (3) The character of the water or wastes treated; and
- (4) Any other physical conditions that affect the facility.
